Dear Mr. Hando

I am writing to say I fully support you on the Magor windy
Walkway Station. It is a great idea because we will have less pollution
and it will have you know 100% of people support your co-operation for us.
You are also helping the government, doing their job with the walkers and
cyclists. Can you really earn your money back and if so that's amazing?
It is very good that you are managing to do this in the middle
of magor and windy.

Is it true that you will provide drinks, vending machine and a warm
place to wait in? Do you think people won't use their cars? If so it won't
be great because it will reduce the number of accidents and it
will be safer for children. My personal opinion is it is a great idea.

It's good that the Severn tunnel junction connects to the station so
there will be more parking. I just want you to know that I fully
support you. Please write back answering my questions and if it
succeed I will be very happy.

Yours sincerely,
Gabrielle glory

Dear Mr. Hands,

I am writing to express my support and view for the
Magor Undy Walkway Station.
I strongly believe that people will be relieved at the thought
of a Train Station in Magor and Undy. It goes without saying
it will mean less traffic and less pollution in the air.
Of course I understand that if people don't want you to carry
on with your plans you will have to drop it. But I fully support
my personal opinion is that it will make things easier for other
people as well as myself.

I really hope you will be able to carry on and I really
appreciate your thinking.
When is the Train Station opening?

Yours sincerely
Beth

Dear Mr Hands,
I am writing to express my support for
the Magor Undy Walkway Station.

I think it's a great idea because it
reduces pollution, driving all the way to
work, accidents and it also keeps children
safe, reduces volume of traffic and mostly
it saves time. A lot of it too!

I believe that hundreds of thousands
of people will use the station and you
will earn lots of money and then you
can make the station even bigger and
better! I bet you I'll be there when
it's finished!

Yours Sincerely
Zara-Beth Lewis

PS: I hope it will look nice in 2015!
Good luck!

Dear Mr. Hande,

I am writing to express my support
for Magor High believe that you can make
I strongly work and I saw the 20 reasons
Why? And I totally agree with
you.

As a result, the idea of walking
and keeping quite a short walking distance
and being really a healthy even in the
winter it is a spectacular idea.

I would also like to say it's
brilliant that you will still have
a disabled car will be hurting alot and
Some people may need transport.
aching and very important of the station
I find it increase safety of cars, children,
would increase accidents.

In conclusion I feel that you should be able
to reach this and be able to agree with
me I hope to see it built in 2018!
yours sincerely
122ie

Dear Mr. Harro,

I am writing to express my support for the Major and
Talk Libby Station.

Firstly, the station will come in great use
to the community. Secondly, it will help the environment
and keep children happy and safe. In fact it
will make the roads less busy and safer.
It will stop pollution as well. Another reason is it
will only take 15 mins to walk there from all
over Major and Undy.

Your plan should happen as soon as possible.
Hope you take this into account.

Yours Sincerely,
Aimee Delf.

Mr Harro

I completely support your idea. Although, some people
disagree. I personally think that it should go on
because, there is 45% of people that would use
the train from Major and Undy. In fact it
will also stop pollution from cars.

I also believe that there has been 126% growth
over the last 10 years of people going in and
out of the train station. So if there was to be a
Major and Undy train station it is planned to be
upgraded better than it is.

As a result it would be better to make a train
station as it would make children and adults safer
and a lot of crimes because more people will
be using the train station.

Finally, an intelligent person like you would have
thought about the train station near your area and I
also personally think that it should go on because
if it doesn't then a lot of people from Major and
Undy will mostly have to drive and pollute the
air.

Yours Sincerely,
Hanan ...

Dear Mr Hand,
 I am writing to express my support for the magor and undy walkway station.

Firstly, 48% of the aged leave to go to work, and it takes a long time but trains go faster than cars and children will be safer.

secondly, it means redundant people can get a new job so they can get more money.

thirdly, there are 11,000 vehicles on the road but if the station is there then there will be less traffic so less pollution!

lastly, going by train means you don't have to

go back and forth and back and forth to get fuel.

I hope you see that I agree with your idea

Sincerely,

Rhys White.

Dear Mr Harde
I am writing to express my support for the Mayor and only walking
Station. We believe this is a great idea because 48% of the area's
population travel out of the area to work. We believe in
addition it will make things a lot easier for people to get
to work as the recommended side will be within 15 minutes
walking distance for the Mayor population. Furthermore, we believe
this would be amazing for the area and we look forward to
seeing it when it's finished. We will definitely be using the walk-
ing station to help us get to the city?
your sincerely
Ashleigh.

Dear Mr. Hando, I am writing to show my support for the Magor Undy Walkway station. I am telling all my friends and family about your idea. They are all on board with it, just like me! Please would you use it! Personally I agree and 90% will keep more children safe! Who wouldn't want to keep children safe!

I believe it's going to be attractive!! A community center will be a fun and relaxing place for everyone to spend their time!

Yours Sincerely
Bethan
P.S It will be EPIC!

November

Dear Mr Hando
I am writing to express my idea. It needs more trees! Maybe a smaller station and a zigzag wildlife area. It is so fascinating! Maybe it needs a zoo to keep animals safe from really good! Another reason you should have trees is because of birds, well the thing is, most birds come in all different species like rare ones, humming, blue and be cause they are their homes.

I think its a good idea but still not green-ough!

Dear Mr Hando
I Am Now writing to the Magor undy walkway station is a really good idea and this is why.....
Children can be safer and parents can relax.
It's amazing how much your helping the government.

Also you should carry on because Magor and Undy are all supporting you to make that new change.
And also on a train it's not always so busy on the train tracks. So please accept my support.

Your Sincerely
Ceri Lewis

Dear Mr. Hands,
I am writing to express my support
for the Mager Undy Walkway Station.

Firstly, I want to talk to you about the
motorway because if we had trains in Mager and Undy
we wouldnt have so many accidents and we are
trying to save peoples lives especially children because they
could have only lived for 30 or 4 years. So we are
trying to stop accidents. So I hope that can happen.

Secondly, I think it will reduce they amount of cars
in Mager and Undy. I think that would be good
because there wont be so many traffic jams and
accidents.

Yours Sincerely
Rachel Quine.

Dear Mr.

I am writing to express my support for the

Mager Undy walkway station.

firstly if people use the facility there will
be less accidents and it will be safer for children
and stop pollution and help save the planet.

In fact the more people who use the
train station facility will reduce the amount
of pollution.

Another reason why will help you do it you
will reduce the amount of people that will die
from car crashes. And make the road safer.

Yours Sincerely Eiji Hanney.

25 November 2014

Dear Mr Hando.

I am writing to express my support for major urdy walkway station because it is faster than cars. In the winter you could go in the warming centre when you're waiting for the train. When you're in a car it will be very cold and it will take forever to start the engine. A train has more space and people can just relax.

I think you think you should build the major urdy walkway station. Because cars always breakdown. If people need to go to work and their car keeps on breaking down they could get a train and you could be on time and you not held up by traffic and you ~~won't~~ will not crash.

your sincerely Alex

Np 26 2011

Dear Mr Hando,
I think the disabled parking would be a great idea because you never know how many people in Major are disabled. And even if you're not disabled it would only take 10-15 minutes to walk there.

Further more I think your idea to put a bus to take people is great.

Your idea is ought to happen fast.

Your sincerely
Rhys Speller.

Dear Mr. Handa I am writing to express my support for the Magon usdy walkway station.

I agree that the plan should go ahead because it would help people with money and help the world to not get polluted.

The station would reduce the volume of traffic on the B4245 and therefore the emissions of the 11000 vehicles per day. It would help children to be a bit more safe.
100% of people want to have it and 90% of people would use it. Hopefully you build in 2020.

Your sincerely
Max

Dear Mr Handa,
I am writing to express my support for Magon and usdy walk way station.

I think as they there are crashes on the roads, which I'm sure you'll agree with, it is quite safer to use the train. And so you don't ruin the trains paint, have a small gap between the train and the platform.

Secondly and finally, if everyone else in towns and villages has one, why can't we? plus, it would help the whole village.

yours sincerely

Dear Mr. Hande,

I am writing to express my support for the Magen Undy Walk Way Station. Because...

It will help people and also save pollution and make it healthier. I think it's a good idea because it's ~~the~~ Magen and Undy Walk way station will be easier and faster. Furthermore, the population will be surprising because people will enjoy.

We should make this walk way station because it will help the environment. I strongly believe that it will help people travel and we won't go out of our area in a car.

The population will enjoy a easy walk place to wait for a fast, easy and helpful train to take and with company, let the plans go on!

Yours sincerely, Samuel Ryder!

Dear Mr. Hande

I am writing to express my support for the Magen and Undy walk way station. We believe the area's population travels 48% of the area to work. We believe in addition it will make things alot easier for the people the recomended to work as the distance for the Magen site walking be amazing, we believe this would be forward to being it definitely be using the area and we would to help us get walking to school to help us get to school scarlett.

Dear Mr Hando
I am writing to express my support
for the magor, undy Walk Way Station.

I think that the walk way station will
stop specific classes with cars and
It can be undeniably great for people
It can afford a lot.

~~It~~ It can also be amazing to
pull old memories together from old times.
It will be fun and relaxing in the
family walk way station with friends and
Please make it happen! oh please, it
will make lives easier.

In summary, I believe that I and
every one over magor undy and all where
near will love this walk way station
will

Yours Sincerely
Alice
